# INNOVATIONS IN SLIDING DOOR LOCKS

## ENHANCING HEALTHCARE SPACE, PRIVACY & SAFETY

BEAUTIFULLY DESIGNED SPACES CONTRIBUTE TO QUALITY OF CARE AND PATIENT EXPERIENCE. INOX LOCKS ENABLE WIDER ACCESS POINTS, OPEN CONCEPT SPACES, AND STREAMLINED PATH OF TRAVEL.

ELEGANT, SPACE-SAVING SLIDING DOOR LOCKING AND LATCHING SOLUTIONS MEET CLINICAL SAFETY AND SECURITY REQUIREMENTS.

**inox®**
Engineered Beautifully
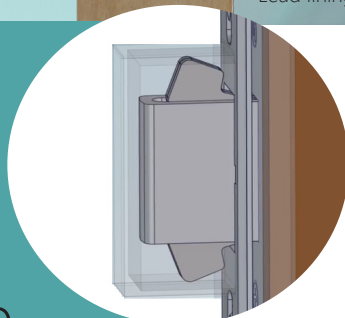

# PD95
## SLIDING DOOR
## MORTISE LOCK

## RECORDS ROOM
## EXAM ROOM
## MEDICAL OFFICE

- **ANSI/BHMA FUNCTIONS: ENTRY, OFFICE, PRIVACY, AND CLASSROOM**
- **COMPATIBLE WITH STANDARD KEYING AND MASTER KEYING OPTIONS**

* Lead lining available on custom requests
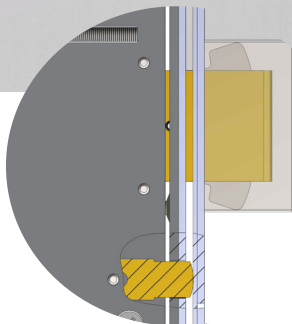

## Single-action deadbolt release for emergency egress

Patented anti-binding winged hook bolt provides smooth operation for safety and security.

Adjustable strike relieves door and frame alignment headaches.

**BLENDING BEAUTIFUL ACCESS DESIGN WITH DURABILITY AND FUNCTIONALITY TO MEET THE SAFETY AND SECURITY REQUIREMENTS OF HEALTHCARE FACILITIES.**

# PD96
## SELF-LATCHING, AUTO-LOCKING SLIDING DOOR MORTISE LOCK

### EXAM ROOM
### ICU
### PATIENT SECURITY
### MEDICAL OFFICE
### STORAGE ROOM
### UTILITY ROOM

**THE FIRST SLIDING DOOR LOCK CAPABLE OF ALL MAJOR COMMERCIAL FUNCTIONS USUALLY AVAILABLE ONLY WITH SWING DOOR LOCKS, ENABLING ARCHITECTS AND DESIGNERS ACCESS TO MORE SPACE PLANNING OPTIONS AND WIDER ACCESS POINTS.**
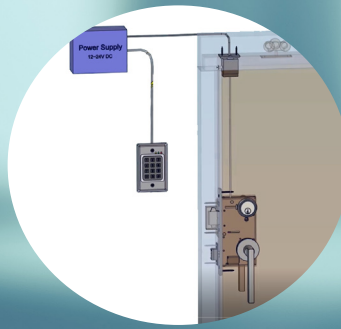

Contact with the strike activates the winged hook bolt for auto-latching. Meets UL standards for access to controlled substances.

# PD97 SERIES
## ELECTRIFIED SLIDING DOOR MORTISE LOCKS

### PD97
### LOCK WITH OVERHEAD POWER TRANSFER

POWER SUPPLIED THROUGH CONNECTORS AT TOP OF DOOR AND JAMB THAT LINK WHEN DOOR IS IN CLOSED POSITION.
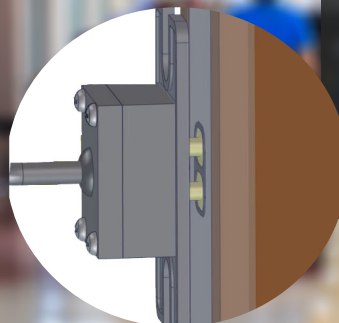

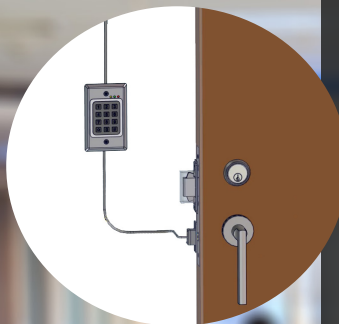

The industry's first motor-driven, sensor-controlled electrified mortise lock for sliding doors provides an array of touchless locking/unlocking solutions.

The sensor-controlled motor signals lock to mechanically engage or retract latchbolt using an advanced stepper motor for ultra-quiet operation.

### PD97PT
### LOCK WITH BUILT-IN POWER TRANSFER

LOW VOLTAGE POWER SUPPLIED DIRECTLY FROM THE STRIKE TO THE LOCK FACEPLATE FOR FAST AND EASY INSTALLATION.

NO DRILLING OF WIRING CHANNELS THROUGH DOOR OR HINGES REQUIRED.

## PD97ES
## LOCK WITH AUTO-LATCHING & MONITORING SWITCHES

**FAIL NEUTRAL FEATURE ENSURES A LOCKED DOOR WILL REMAIN MECHANICALLY LOCKED IF POWER IS LOST. ONE QUICK EASY ACTION OF INSIDE LEVER ALLOWS EMERGENCY EGRESS.**
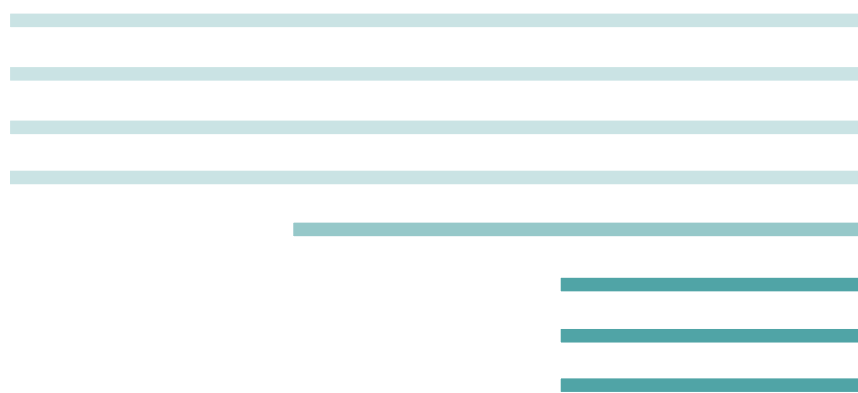

AUTO-LATCHING AND AUTO-LOCKING FUNCTIONS WITH DEADBOLT MONITORING REQUEST TO EXIT (REX) AND SENSOR TO PROTECT ALL ACCESS POINTS.

ENHANCED SAFETY AND SECURITY MONITORING OF OPEN/CLOSED POSITIONS AND LOCKED/UNLOCKED STATUS WITH DOOR POSITIONING SWITCH (DPS), AND DEADBOLT MONITORING SWITCH (DBM).

DESIGNED TO EASILY INTEGRATE WITH ALL STANDARD ACCESS CONTROL SYSTEMS AND MONITORING TERMINALS.

DPS

DBM
REX
Power Transfer

| | PD97 | PD97PT | PD97ES |
|---|---|---|---|
| Emergency Egress | ▬ | ▬ | ▬ |
| Auto-Latching, Auto-Locking* | ▬ | ▬ | ▬ |
| Anti-binding winged hook bolt | ▬ | ▬ | ▬ |
| Request-to-Exit (REX) | ▬ | ▬ | ▬ |
| Easy zero channel installation | | ▬ | ▬ |
| Door positioning switch (DPS) | | | ▬ |
| Lever positioning switch (LPS) | | | ▬ |
| Deadbolt monitoring switch (DBM) | | | ▬ |

*PD97 and PD97PT can be integrated with advance relay switch and door positioning magnet to achieve auto-latching or auto-locking function.
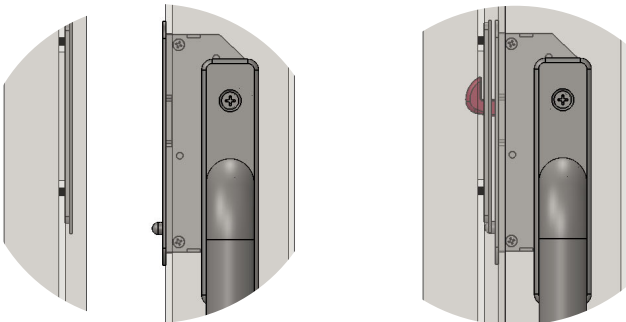

# PD3000

## NARROW BACKSET SELF-LATCHING LOCK

### ICU
### PATIENT ROOM
### EXAM ROOM

- **EASILY RETROFITS INTO EXISTING NARROW PROFILE ICU DOORS**
- **SELF-LATCHING FUNCTION MEETS UL1784 STANDARD FOR ROOMS WITH CONTROLLED SUBSTANCES**

A narrow profile lock built specifically to stand up to the high durability and traffic requirements of healthcare facilities

Patented design uses an actuator to activate the latchbolt, eliminating impact and friction to the mechanism.

Ease patient and staff anxiety, stress, and worry with a beautiful environment equipped with the performance and functionality of INOX. Privacy and safety provide peace of mind that improves the quality of healthcare.

## HARDWARE FOR A BEAUTIFUL BEDSIDE MANNER

## HEALTHIER OUTCOMES HAPPEN IN ENVIRONMENTS DESIGNED BEAUTIFULLY.
